President's Message

by John Dobson

Reality check! The WPA-Paine Field Chapter will NOT sponsor WINGS in spring of 2005. This annual event that provides pilots with the opportunity to participate in three hours of free flight instruction is just too labor intensive!

On October 9th your Board of Directors and Committee Chairs met to review plans for 2005. We scheduled every General Meeting, Board Meeting, and Fly-out. We scheduled the Aviation Academy, GA Days, the Mukilteo lighthouse festival and Swap Meet. Stephanie Allan even booked a program for every monthly meeting.

We then came to the subject of WINGS. This is far and away the most recognized program we do. It is one of our best events to meet and great new members. Several years ago we assembled a team of people to review every task required. We created a new online registration process for pilots and instructors. In effect we created a complete book on how to do it! We just don't have any volunteers. Maybe you have been one of those pilots that have benefited from WINGS. Maybe it is time to do some soul searching and give back to a good and valuable program. But unless new blood arrives . . . WINGS is DOA for 2005.

And that brings me to another question. Who is willing to serve on the Board for 2005? We have three albeit apprehensive volunteers for President, VP and Secretary. But the position of Treasurer (Jim Davidson) will be open. Jim and Joni have made it clear that once the babies are here his volunteer stint will end. We also need a third Director. This is a great opportunity to see and hear first hand what is involved at the PAE Chapter.

If the Paine Field Chapter is to maintain its current level of services we have to have a larger body of volunteers. We all know that old adage that 10% of the people do 90% of the work. What I have learned over that past three years is that it is the same 10%. We really do need your help!

See you Friday for Elections and our Year in Review.

Flyouts and "Hangar Flying"

by Rebecca Lohman

Where has this year gone? It's November already! Flying weather in the Fall as you know, can be just as nice as the summer. We have such a beautiful place to fly no matter the time of year.

I have been working so much on Saturdays this year that I really feel out of the loop. This is going to continue through December. So I will still be missing from the Saturday morning fly-outs some. I'd really like to see more and more of you come out. Even those Saturdays that weather doesn't permit flying we do have a good time "hangar fly'n".

I would like to encourage you if you are new to the group to join us. This is a very good way to get to know folks that share your love of flying. Remember, most of us wouldn't know each other if we hadn't decided to get involved, and now good friendships have formed. Many are now "decades" long.

Once again I have great hopes of getting over the mountains between now and Spring (notice how I've stretched out the time). We really need to get over to Yakima, and down to Tillamook, and what about Pasco (and the Red Barn). We need to fly some places we have never been, or at least hasn't been in a while.

Remember our very fine education seminars at the Everett College facility at Paine Field, the first Saturday of the month. Check out the schedule on our web site. Then we get together to fly-out for lunch and just eat locally. So there is no reason for you not to come. You get great information, pilots should always be learning something, and it's free. There is always coffee for a small donation. So put these things on your calendar.

Saturday morning around 10:00 am nearly every Saturday, except for the education seminars, meet at Regal Air, Paine Field for the fly-outs. You don't need to own a plane nor be a pilot, just show up, we try our best to get everyone a flight, and all it costs you is to help pay for fuel costs.

Fly Safely,
